2024 Sponsorship Opportunities

About Us

Children's Clinics is a 501(c)(3) nonprofit, outpatient care center that has served children with special healthcare needs and their families in southern Arizona for over 30 years. Children's Clinics offers 25 different medical and dental specialties on a single campus, wraparound social services, and special programs for children with medical complexities such as cerebral palsy, spina bifida, muscular dystrophy, sickle cell, and many others.

The mission of Children's Clinics is to provide a family-centered, comprehensive medical home to meet the special needs of children and families.

We know a child's health is more than a doctor's visit. At Children's Clinics, we want children to develop as whole people, to grow up as individuals who are empowered to give their unique gifts to the world, and whose lives are not entirely governed by their illness. It is why we have created the Childhood Experiences allowing children with chronic pediatric illnesses to experience more of a childhood.

Halloween Event

Tuesday, October 31, 3PM- 5PM

This is the clinic staff's FAVORITE event because everyone gets to participate!

We close the clinic early for the Halloween festivities that begin with the very competitive staff costume contest. Then we open the clinic back up for Trick-or-Treat with children and their families.

We have a photo booth to capture all the great moments for families. Then families make their way around the clinic to all the stations that offer candy and non-food items. PLUS, we have an adaptive Haunted House with various levels of Scary so that everyone gets a good eerie Halloween feel at the right level.

We host around 300 attendees.

- A feature of your sponsorship in our Winter 2024/2025 e-newsletter, our 2023/2024 Annual Report to the Community, and our 2024 highlight reel. Photos of the event will be available for your promotional needs.

Funds will support the purchase of clinic-safe decorations for our haunted house and non-food goodies for the children who are tube-feed or those who have dietary restrictions. And of course, candy for the kids!

El Tour de Tucson

Saturday, November 23 at 8:00 AM

Our now flourishing Adaptive Recreation program started with adaptive tricycles and bicycles. These bikes were used in our rehabilitation center, and soon families were asking how their children could use these same bikes at home.

Through donations and funds raised from El Tour, we began fitting and purchasing adaptive trikes and bikes for children with disabilities. From there, a tradition at Children's Clinics was born - The Family Fun Ride.

This is our hallmark event. It's open to the whole family and is a time when everyone can feel like an athlete for just a day. It is a day to celebrate Tucson and the community that makes this city such a great place to live.

There are two Fun Rides that families can participate in the 1-mile course or the 3-mile course. Children's Clinics covers the cost of a family's entrance fee through corporate sponsorship and/or donations.

El Tour Bike Decorating Party

We spend the evening decorating bikes with the kids and families in preparation for the FUN RIDE. This is a community event that is unique to our clinic.
